
MICHAEL MINTHORN

BIOGRAPHY

Michael Minthorn is a landscape artist who resides in Napanee, Ontario. His main sources of artistic inspiration are the landscapes of Canada, New York State, Florida, and the coastal Southeast. He studied with artist, Reinhold Sievers and also plein-air painting with Kathy Wipfler.

"In my painting, the primary objective is simply to convey to the viewer the beauty of our environment and to evoke the emotional responses that we all, as humans, have when we see the play of light and shadow across trees, lakes, and fields. As far as technique, I am concerned with style as opposed to the whims of fashion and ignore 'fads' and 'trends' in art. I believe wholeheartedly that 'a thing of beauty is a joy forever'."

Minthorn is represented in many galleries in Ottawa, Toronto, Kingston, and Florida and his works are held in a number of corporate collections.
